Refrigeration Certification/Contractor Registration Frequently Asked Questions

1. **What are the Wisconsin Department of Safety and Professional Services (previously Department of Commerce) licensing requirements for a contractor installing ammonia and freon refrigeration equipment?**

Answer: There is no refrigeration exam required. Contractors installing refrigeration equipment that serves HVAC equipment are required to obtain an Industry Services Division HVAC Contractor registration. SPS 305.70

Each service technician handling ozone depleting refrigerants is required to have an EPA-608 certification.
